1. On August 22, 2022, Dunklin County Prosecuting Attorney, Nicholas Jain, requested the assistance of the Troop E Division of Drug and Crime Control, Criminal Investigative Unit to investigate an alleged stealing case, perpetrated by Jennifer Adams during her employment at the Dunklin County Sewer District #1 in Malden. An audit completed by the Missouri State Auditor has found evidence \$100,000 or more was stolen from the Sewer District. The suspects in this matter are Jennifer M. Adams and Korey D. Adams, of 39312 East Sue Drive in Malden.

2. On October 17, 2023, The Missouri State Auditor's Office released the comprehensive audit report of the Dunklin County Sewer District for the dates of January 1, 2017 through March 5, 2021. The objectives of the audit included, but were not limited to:

A. Evaluate the district's internal controls over significant management and financial functions.

B. Evaluate the district's compliance with certain legal provisions.

C. Evaluate the economy and efficiency of certain management practices and procedures, including certain financial transactions.

D. Determine the extent of money missing and/or misappropriated from the district, if any.

3. After reviewing the State Auditor's report it is apparent that at least \$160,000 in money and sewer services is missing and/or misappropriated from the Dunklin County Sewer District for the above mentioned dates when Jennifer Adams was employed as bookkeeper and Korey Adams served as Dunklin County Sewer District, Board President.

4. The State Auditor for this case is Scott Fitzpatrick. He prepared the Missouri State Auditor's Report which is referenced in this probable cause statement and attached to the case file.

5. According to the State Auditor's investigation and report, money and sewer services totaling at least \$62,579 were missing and/or misappropriated from the district from January 1, 2017, through March 5, 2021. 6. The state auditor's report indicates Jennifer Adams overpaid herself \$54,049 from January 1, 2017 to March 5, 2021. This was accomplished using different methods including issuing herself more than one check each month, issuing herself bonus and mileage checks which were all not approved by the Board. Korey Adams, Jennifer Adams husband and Board president signed at least 13 of the checks which were overpayments. These overpayments were previously identified, and Jennifer Adams entered into a written agreement for repayment to the sewer district. The agreement was for a monthly payment of at least \$1,200 be paid to the district and a payment of \$13,492 in April 2019, if the balance had not been previously paid. The agreement was signed by all Board members including the Board president, Korey Adams. The state auditor's report reveals only \$5,200 of the agreed upon amount of \$27,892 was repaid.

7. According to the state auditor's report, several checks included in the unsupported and questionable payments were made to the Board President, Korey Adams, including several of which were signed by him. In the memo line of these checks was indicated reimbursement for personal cellular phone. The amount of these checks totaled \$4,154. According to sworn testimony by two other Board members indicated there was no documentation or approval for a cellular phone allowance for the Board President. There is also no meeting minutes retained which indicate the Board approved cellular phone allowances.
